

Trixie Hennessey: BC's eating disorders awareness week

ccsadmin

The beginning of February marks the start of the Provincial Eating Disorders Awareness (PEDAW) campaign. On this week's People First Radio broadcast on January 30, 2014, we feature interviews with people from different aspects of this important work.

Trixie Hennessey is the program coordinator of the Woodstone Residence, a residential treatment program for young women, located on Galiano Island.

She will tell us about their history and programs.
